

Getac Three (3) Year Video Solution Warranty Card

Getac's warranty obligations for this hardware product are limited to the terms set forth below:

Getac warrants these Getac BC-04, VD-04, MD-04 and trigger boxes against defects in materials and workmanship under normal use for a period of three (3) years from the date the product is shipped by Getac to the purchaser ("Warranty Period"). This warranty only applies to products sold by Getac or its Authorized Distributors or Dealers and only where the products are used and serviced within Getac's Authorized Service Providers territories. Warranty coverage only applies to service carried out by a Getac Authorized Service Provider.

If a hardware defect arises and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, Getac will either repair the defect at no charge, using new or refurbished replacement parts, or exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product. A replacement product or part, including a user installable part that has been installed in accordance with instructions provided by Getac, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement product becomes your property and the replaced item becomes Getac's property. Parts provided by Getac in fulfillment of its warranty obligation must be used in products for which warranty service is claimed.

The Limited Warranty does not apply to any non-Getac hardware products, co-branded hardware products (whether or not displaying a "powered by Getac" trademark, trade name, or logo affixed to them) or any software, even if packaged or sold with Getac hardware. Manufacturers, suppliers, or publishers, other than Getac, may provide their own warranties to the end user purchaser, but Getac, in so far as permitted by law and except as set forth herein, provides its products "as is".

Obtaining Warranty Service

Please access and review the online help resources at www.getac.com before requesting warranty service. If the product is still not functioning properly after making use of these resources, a Getac representative will help determine whether your product requires service and, if it does, will inform you how Getac will provide it. Getac will provide warranty service on products that are tendered or presented for service during the warranty period, as permitted by law. Getac may utilize independent authorized repair centers in the course of providing warranty service to you. In accordance with applicable law, Getac may require that you furnish proof of purchase and/or comply with registration requirements before receiving warranty service. You may be responsible for shipping and handling charges to obtain service under this warranty.

In any instance in which Getac issues a Service Request Number (SR #), Getac must receive the product(s) for repair prior to the expiration of the warranty period in order for the repair(s) to be covered by the limited warranty service.

If your product is capable of storing data or software programs, you should make periodic backup copies of the data and programs contained on the product's hard drive or other storage media to protect your data and as a precaution against possible operational failures. You must remove or delete any and all sensitive information residing on any device prior to shipping to Getac or Getac's authorized repair centers. Sensitive information includes protected health information, personally identifiable information, business-confidential information, criminal justice information, and controlled unclassified information.

Before you deliver your product for warranty service, it is your responsibility to keep a separate backup copy of the system software, application software and data, and disable any security passwords.

You will be responsible for reinstalling all such software, data and passwords. Getac and its authorized service providers are not liable for any damage to or loss of any programs, data or other information stored on any media, or other non-Getac product or part not covered by this warranty. Recovery and reinstallation of system and application software and user data are not covered under this limited warranty.
